Aree da pulire

This architectural site plan illustrates the layout of the 'Stadio di Calcio' in Sesto San Giovanni. The central feature is a large, oval-shaped stadium with multiple tiers of seating. The field is marked with dimensions, including a 35.00m radius and a 55.50m length. Surrounding the stadium are various functional areas: parking lots ('parcheggio'), green spaces ('zona in erba'), and a 'sala miccolazione' (locker room). The plan also shows a 'percorso in asfalto' (asphalt path) and a 'zona in erba' (grass area) at the bottom. Dimensions for the stadium's width (75.00m) and length (75.54m) are provided. The entire site is enclosed within a boundary, with arrows indicating the entrance and exit points.
